WINDSOR, Conn., Feb. 14, 2024 /PRNewswire/ -- [SS&C Technologies Holdings, Inc.](#) (Nasdaq: SSNC) today announced it has signed a long-term agreement with DDH Graham Limited (DDH) to deliver superannuation and funds management administration services. DDH Graham Group manages and administers over \$7.8 billion in funds on behalf of 34 fund managers and superannuation funds in Australia.

Upon completion, DDH will leverage SS&C's skilled financial administration and technology resources on a sub-contracting basis to further expand its superannuation and managed funds business. SS&C will deliver member and investor administration, including unit registry and fund services, for DDH and their superannuation and managed fund clients. DDH will transition the delivery of the administration services to SS&C over the next few months.

DDH Executive Chairman Ugo Di Girolamo welcomed the arrangement with SS&C, a global administrator with demonstrated commitment to the Australian financial administration sector. As part of the agreement, approximately 70 team members in Brisbane will transfer over time from DDH to SS&C, ensuring DDH customers experience no service interruptions. The team will leverage SS&C's in-house technology to automate processes and streamline operations while continuing to provide top-notch service delivery to DDH's clients alongside SS&C's experts.

"We are pleased to expand our relationship with DDH Graham and look forward to working closely with our new colleagues," said Nick Wright, Head of Global Investor & Distribution Solutions. "This agreement continues SS&C's [growth story in Australia](#), where we see a lot of opportunities in our outsourcing business.
