SS&C GlobeOp Forward Redemption Indicator: December notifications 2.54%

WINDSOR, Conn., Dec. 21, 2021 /PRNewswire/ -- [SS&C Technologies Holdings, Inc.](#) (Nasdaq: SSNC) today announced that the [SS&C GlobeOp Forward Redemption Indicator](#) for December 2021 measured 2.54%, up from 2.28% in November.

"SS&C GlobeOp's Forward Redemption Indicator for December 2021 fell to 2.54%, reflecting a decrease in redemption notices compared to the 3.95% reported a year ago. The 2.54% reported was the lowest level of redemptions for any month of December since the inception of the Indicator in 2008. Likewise, full-year 2021 saw the lowest annual level of redemptions in the history of the Indicator," said [Bill Stone](#), Chairman and Chief Executive Officer, SS&C Technologies. "Heading into 2022, investors remain highly confident of hedge fund managers' ability to achieve strong risk-adjusted returns in a market that continues to be impacted by multiple crosscurrents, including the ongoing COVID-19 variant spread, inflationary pressures, and potential fiscal and Federal Reserve policy responses."

The SS&C GlobeOp Forward Redemption Indicator represents the sum of forward redemption notices received from investors in hedge funds administered by SS&C GlobeOp on the SS&C GlobeOp platform, divided by the AuA at the beginning of the month for SS&C GlobeOp [fund administration](#) clients on the SS&C GlobeOp platform. Forward redemptions as a percentage of SS&C GlobeOp's assets under administration on the SS&C GlobeOp platform have trended significantly lower since reaching a high of 19.27% in November 2008. The next publication date is January 24, 2022.

Published on the 15th business day of the month, the SS&C GlobeOp Forward Redemption Indicator presents a timely and accurate view of the redemption pipeline for investors in hedge funds on the SS&C GlobeOp administration platform. Movements in the Indicator reflect investor confidence in their allocations to hedge funds. Indicator data is based on actual investor redemption notifications received. Unlike subscriptions, redemption notifications are typically received 30-90 days in advance of the redemption date. Investors may, and sometimes do, cancel redemption notices. In addition, the establishment and enforcement of redemption notices may vary from fund to fund.
