SS&C GlobeOp Forward Redemption Indicator

"SS&C GlobeOp's Forward Redemption Indicator for February 2026 was 1.79%, compared to 2.33% recorded a year ago, and lower than the five-year average of 2.14% for

February redemption notices," said Bill Stone, Chairman and Chief Executive Officer of SS&C Technologies. "Elevated geopolitical tensions and the recent sell-off in the software sector due to AI concerns represent some of the potential headline risks facing investment allocators. The strong risk-adjusted returns of hedge funds can assist investors in navigating the current market volatility and changes in economic fundamentals."

The SS&C GlobeOp Forward Redemption Indicator represents the sum of forward redemption notices received from investors in hedge funds administered by SS&C GlobeOp on the SS&C GlobeOp platform, divided by the AuA at the beginning of the month for SS&C GlobeOp [fund administration](#) clients on the SS&C GlobeOp platform. Forward redemptions as a percentage of SS&C GlobeOp's assets under administration on the SS&C GlobeOp platform have trended significantly lower since reaching a high of 19.27% in November 2008. The next publication date is March 20, 2026.

Published on the 15th business day of the month, the SS&C GlobeOp Forward Redemption Indicator presents a timely and accurate view of the redemption pipeline for investors in hedge funds on the SS&C GlobeOp administration platform. Movements in the Indicator reflect investor confidence in their allocations to hedge funds. Indicator data is based on actual investor redemption notifications received. Unlike subscriptions, redemption notifications are typically received 30-90 days in advance of the redemption date. Investors may, and sometimes do, cancel redemption notices. In addition, the establishment and enforcement of redemption notices may vary from fund to fund.
