SS&C GlobeOp Forward Redemption Indicator

"SS&C GlobeOp's Forward Redemption Indicator for July 2026 came in at 1.35%, down from 1.72% in June and among the lowest monthly readings we've recorded," said Bill Stone, Chairman and Chief Executive Officer of SS&C Technologies. "With a sharp unwind in AI and semiconductor momentum trades and escalating Middle East tensions injecting fresh volatility into global markets, allocators are maintaining their hedge fund positions. The stable redemption trends indicate hedge funds' uncorrelated returns and favorable risk-adjusted performance continue to enhance investor outcomes."

The SS&C GlobeOp Forward Redemption Indicator represents the sum of forward redemption notices received from investors in hedge funds administered by SS&C GlobeOp on the SS&C GlobeOp platform, divided by the AuA at the beginning of the month for SS&C GlobeOp fund administration clients on the SS&C GlobeOp platform. Forward redemptions as a percentage of SS&C GlobeOp's assets under administration on the SS&C GlobeOp platform have trended significantly lower since reaching a high of 19.27% in November 2008. The next publication date is August 21, 2026.

Published on the 15th business day of the month, the SS&C GlobeOp Forward Redemption Indicator presents a timely and accurate view of the redemption pipeline for investors in hedge funds on the SS&C GlobeOp administration platform. Movements in the Indicator reflect investor confidence in their allocations to hedge funds. Indicator data is based on actual investor redemption notifications received. Unlike subscriptions, redemption notifications are typically received 30-90 days in advance of the redemption date. Investors may, and sometimes do, cancel redemption notices. In addition, the establishment and enforcement of redemption notices may vary from fund to fund.

SS&C GlobeOp Hedge Fund Performance Index

About the SS&C GlobeOp Hedge Fund Index®

The SS&C GlobeOp Hedge Fund Index (the Index) is a family of indices published by SS&C GlobeOp. A unique set of indices by a hedge fund administrator, it offers clients, investors and the overall market a welcome transparency on liquidity, investor sentiment and performance. The Index is based on a significant platform of diverse and representative assets.

The SS&C GlobeOp Capital Movement Index and the SS&C GlobeOp Forward Redemption Indicator provide monthly reports based on actual and anticipated capital movement data independently collected from all hedge fund clients for whom SS&C GlobeOp provides administration services on the SS&C GlobeOp platform.

The SS&C GlobeOp Hedge Fund Performance Index is an asset-weighted benchmark of the aggregate performance of funds for which SS&C GlobeOp provides monthly administration services on the SS&C GlobeOp platform. Flash estimate, interim and final values are provided, in each of three months respectively, following each business month-end.

While individual fund data is anonymized by aggregation, the SS&C GlobeOp Hedge Fund Index data will be based on the same reconciled fund data that SS&C GlobeOp uses to produce fund net asset values (NAV). Funds acquired through the acquisition of Citi Alternative Investor Services are integrated into the index suite starting with the January 2017 reporting periods. SS&C GlobeOp's total assets under administration on the SS&C GlobeOp platform represent approximately 10% of the estimated assets currently invested in the hedge fund sector. The investment strategies of the funds in the indices span a representative industry sample. Data for middle and back office clients who are not fund administration clients is not included in the Index, but is included in the Company's results announcement figures.
