SS&C GlobeOp Forward Redemption Indicator

“SS&C GlobeOp’s Forward Redemption Indicator for August 2026 was 1.64% which was sharply lower than the five-year average of 2.37%,” said Bill Stone, Chairman

and Chief Executive Officer of SS&C Technologies. “Energy security concerns from ongoing conflicts, the unwinding of tariffs, fiscal challenges, and changes in rate policy continue to drive markets. Despite this uncertainty, lower redemptions indicate hedge funds continue to provide diversification and downside protection to help investors navigate volatile markets.”

The SS&C GlobeOp Forward Redemption Indicator represents the sum of forward redemption notices received from investors in hedge funds administered by SS&C GlobeOp on the SS&C GlobeOp platform, divided by the AuA at the beginning of the month for SS&C GlobeOp [fund administration](#) clients on the SS&C GlobeOp platform. Forward redemptions as a percentage of SS&C GlobeOp’s assets under administration on the SS&C GlobeOp platform have trended significantly lower since reaching a high of 19.27% in November 2008. The next publication date is September 22, 2026.

Published on the 15th business day of the month, the SS&C GlobeOp Forward Redemption Indicator presents a timely and accurate view of the redemption pipeline for investors in hedge funds on the SS&C GlobeOp administration platform. Movements in the Indicator reflect investor confidence in their allocations to hedge funds. Indicator data is based on actual investor redemption notifications received. Unlike subscriptions, redemption notifications are typically received 30-90 days in advance of the redemption date. Investors may, and sometimes do, cancel redemption notices. In addition, the establishment and enforcement of redemption notices may vary from fund to fund.
