

## Goku Technologies Chooses SS&C for Fund Services

September 1, 2026

WINDSOR, Conn.--(BUSINESS WIRE)--Sep. 1, 2026-- [SS&C Technologies Holdings, Inc.](#) (Nasdaq: SSNC) today announced that Singapore Goku Technologies Pte. Ltd., an AI-driven quantitative investment manager, has chosen SS&C as its fund services provider. The firm, with offices in Shanghai and Singapore, employs systematic trading strategies to invest in equities across Asia, with USD4 billion in assets under management.

SS&C GlobeOp will provide fund administration services for the Goku Technologies Master Fund. The fund operates a high-volume trading strategy with substantial daily trading activity. SS&C will support the fund through a comprehensive suite of services including fund accounting and investor services, helping Goku Technologies build a scalable operating model.

"As our business has grown, so have our demands on our trading and operational framework," said Ken Chung, CEO of Singapore Goku Technologies. "We are building an institutional quality operations infrastructure, so we needed a provider capable of supporting a high-volume operation with accurate, timely NAV reporting. SS&C has demonstrated the ability to provide these services at scale, along with extensive expertise across multiple jurisdictions. We look forward to working together as our business continues to expand globally."

"We are pleased to collaborate with Goku Technologies as they continue to grow and optimize their business," said **Bhagesh Malde, Head of SS&C GlobeOp**. "SS&C's robust systems are designed to cope with high trading volumes, ensuring our customers get comprehensive middle- and back-office support across any strategy they choose to pursue. As managers like Goku take their innovative strategies to the global markets, we look forward to helping them solve operational challenges so they can focus on delivering value to investors worldwide."
